## **Commenting on the Q1 FY22 performance, Mr. Amit Kumar – MD & CEO, Prataap Snacks Limited said;**

*We have delivered a robust performance despite the severe second wave of the pandemic in India. The learnings of the past year had made us better prepared to face the disruptions and our team responded with agility to overcome challenges and restrictions to ensure uninterrupted supplies to trade channels. This has helped us to post revenue of Rs. 279.6 crore which is higher by 43% on a yoy basis.*

*We have witnessed unprecedented rise in palm oil prices over the same quarter last year, which has exerted significant pressure on profitability. Our continuous steps towards cost rationalisation and process improvements have significantly offset this impact.*

*Even as we work towards fully rebuilding the business back to pre-COVID levels, we are implementing initiatives to enhance performance and profitability. We are implementing our tele-calling to a larger number of territories to improve distribution throughput in the existing channels. We have set up a plant in Kolkata which will serve as a hub and enable us to optimise distribution in the Eastern region with cost efficiency. Further, implementation of our direct distribution model is progressing steadily, leading to structural improvement in profitability.*

*Stability in cases supported by increasing vaccination rates are setting the platform for a full reopening of the economy. Our wide product portfolio, optimised distribution architecture and robust financial position place us favourably for growth as economic activity recovers.*
